

LIFTING STANDARDS WORLDWIDE

Our Vision is:

“To promote enhanced standards and sustainable development for the Worldwide Lifting & Safety Industry.”

And our three strategic priorities are:

- Support our members to identify and manage risk
- Protect and promote our members’ interests
- Provide our members with a competitive edge

To deliver this vision LEEA needs to be:

- Member focused – everything we do must be aimed at improving the position of our members
- Outward facing – we will build relationships with the sectors in which our members work
- Forward looking – we will look to the future and develop solutions which ensure that our employers stay ahead of the curve
- Insight sharing – we will share our work and insights with our members
- Excellence seeking – at all times we must aim to be excellent
