

G05. Can you recommend a LEEA member in my area that will be able to provide a specific service?

LEEA has many members with a wide range of products and services on offer. You can search our members by location here – [Find a Member](#)

Here is how to proceed:

1. Visit the LEEA website - Go directly to the official member search page at leeaint.com/find-a-member-near-me.
2. Enter your location - Use the search tool to input your city, town, or postal code.
3. Browse the results - The search will return a list of LEEA members in your area, along with their contact information.
4. Contact the members directly - Since the LEEA website does not specify the exact services for each company, you will need to call or email the members on the list to find out if they can perform the specific task you require.
5. No contact details on website – will need to go to company website to obtain contact details.
