

# Lifting Standards Worldwide™

## Award-Winning LEEA Academy seeks Learning & Development Committee Members

We've achieved so much in 75 years, but we have plans to deliver so much more for our members during the next 75!

LEEA invites individuals from its Member companies to join the L&D Committee to support our activities. This role will ensure that our Members are represented in existing and future LEEA L&D and training related matters, including assessments, Academy Awards and our Accredited Training Scheme.

Your support, knowledge and experience is important to us. If you're passionate about L&D, and wish to represent our Members, we'd be delighted to hear from you.
